AFTER SCHOOL PROGRAM

by the World’s Leading Fun Science Provider

Spark your child’s imagination even when school is out! Mad Science ® offers fun, inquiry-based, hands-on after-school programs that cover a wide range of science topics.

MORPHIN’ MOLECULES

CHE-MYSTERY Create a rainbow of colors using chemical reactions and melt a solid substance into a liquid! Transform your classroom into a laboratory as you unravel the mysteries of chemistry.

GLOW SHOW Light is all around us and can even be invisible! What happens when the lights go off and the experiments shine on? Glow Show examines the minerals and chemicals around us that prove to be truly illuminating.

pH PHACTOR What is an acid? What is a base? How do you tell the difference? Discover the power of hydrogen in this explosive class that will have you climbing up and down the pH scale with ease!

DRY ICE CAPADES Freeze water in a matter of seconds, produce dense clouds of vapor and make metal sizzle! Dry Ice Capades ventures through the world of manipulating states of matter with frozen CO2.

JUNIOR REACTORS Get to know your chemical reactions on an atomic level! Junior Reactors will give you a crash course in constructing the elements and substances we encounter in our everyday lives.

WATTS UP A Mad Science laboratory is never complete without hair raising electrical experiments! Learn about lightning and create electrostatic lightning bolts in the safety of your classroom.

Cornerstone Christian Elementary

6 week program
Grades K - 6th

Tuesdays, 3:05pm to 4:05pm
April 21st - June 2nd
