

Federation of Trucking Associations

When you are a member of the Illinois Trucking Association, you are part of a federation that includes 50 state trucking associations and industry-related conferences and councils. Altogether, these organizations make up the federation of the American Trucking Associations, which traces its origins to a meeting in Illinois in 1933 between the American Highway Freight Association and the Federation Trucking Associations of America. The Federation is the largest national trade association for the trucking industry. For your convenience, here is a list of associations and affiliates.

State	Associaiton	Website	Chief Executive
