**GMS Provides Child Supervision During Parent Conferences**

To accommodate this change in parent conferences, we have made arrangements at school to provide conference time supervision for your children in the library, if they are not enrolled in CASA. Thanks to Lindsay and Leslie, our front desk staff, for helping to provide this coverage. You do not need to RSVP to use this free service during your conference time. You may drop off your child in the library before the conference and pick up your child directly afterwards.
