

## Lions Deliver Holiday Meals

About 100 Florence area families had a better Christmas dinner than they might have had thanks to the Florence Lion's Club. As part of the club's Goodfellas project, Lions loaded their cars and delivered two bags of food for each recipient. In the bags were breakfast items along with ham, the fixings for soup, rice, bread and other staples. "We do this every year. We work with DSS and a couple other groups in town to find some families that are in just a little bit of need. We provide some food on the table so they can have a warm meal at Christmas," said Lion Will Crosswell, club president.
