

## **Recess Guidelines**

Please remember to dress your children each school day for the outdoors, including hats, gloves, winter coats, etc. Students will go outside unless recovering from an illness, injury or the weather does not permit. The guidelines followed are:

- If temperature / wind chill is 15 degrees or warmer, outdoor recess follows the daily schedule
- if temperature / wind chill is 5 to 15 degrees, the time outside will be adjusted
- if temperature / wind chill is below 5 degrees, students will remain indoors
