In our ongoing creation of the Liga Privada line, hundreds of different, distinct blends and vitolas are crafted in our endless search for the perfect smoke. Most samples are dismissed with only a rare, select few being deemed worthy, but regrettably due to tobacco limitations, costs, and construction limitations, most of these blends cannot be made into their own stand-alone line.

**CUATRO
CINCO**

Cuatro Cinco has been especially crafted to commemorate four and half decades of history of Joya de Nicaragua, its people and the city of Estelí, where it all started. Cuatro Cinco is an authentic Nicaraguan puro, hand rolled in Estelí with tobaccos grown in the region and in Jalapa, with a special 5 year-old ligero that the factory had been saving in its bodegas for this special occasion. As if time wasn't enough, the filler tobaccos have been specially aged in oak barrels for more than a year to give them distinctive and sophisticated notes, and the silky smooth wrapper and binder are Nicaraguan grown in the Jalapa valley.
