

## **Roto North America Expands Management Team**

Roto North America has expanded its Management Team as part of concluding the integration process of Roto Frank of America and Roto Fasco Canada, which began with the acquisition of Fasco Die Cast in 2012.

Effective January 1, 2015, Gordon Mitchell, as Director of Operations, is responsible for the supervision of supply chain management for the Connecticut, USA and Ontario, Canada manufacturing plants. He has extensive experience in this area, as well as expertise in Lean Management.

The addition of Mr. Mitchell to Roto North America completes the Management Team. He joins Chris Dimou (President & CEO North & Central America), Debra Wallis (CFO North & Central America), Dan Gray (Director of Sales), and Brian Bourgoin (Director of Product Engineering).
