

Adult & Continuing Education **Aesthetics Course**

Aesthetics is the art and science that teaches preventive care and offers treatments to keep skin healthy, vibrant and attractive. This profession is very rewarding in that students have the opportunity to help their client's look and feel great thus improving their confidence and self-esteem. The Bureau of Labor & Statistics projects a 40% growth in this field through 2022.

The 600-hour course meets all requirements for New Jersey State Board of Cosmetology licensing exam. Through demonstrations, practicing on other students, and facilitating and serving clients in our Skin Deep spa/clinic, students will learn the techniques and theory to analyze and treat the skin, as well as hair removal processes for both women and men.

After 300 hours of classroom instruction and hands-on training, Skin Deep opens in January and runs through May offering a variety of facials, body treatments and hair removal for clients. Appointments are available Monday through Wednesday by calling 908-788-1119, ext. 3501.

Also opening in January is the Adult Cosmetology Clinic, Salon 31. Hair cuts, coloring, and specialized treatments are offered along with manicures, pedicures, and much more. Appointments are available on Mondays and Tuesdays by calling 908-788-1119, ext. 2012.

Gift certificates for Skin Deep and Salon 31's services are also available for purchase.
