A Little Day About Adoption

Saturday, February 7, 2015, 10am-1pm
New York City (Upper West Side)

Adoption can refer to legal adoption or to emotional adoption through fostering, step-parenting, alternative reproductive technology, kinship, guardianship, and other complex blended family forms.

Dr. Joyce Maguire Pavao, Ed.D, LCSW, LMFT will be joined by Phyllis Lowinger, LCSW to lead this workshop covering:

- what adoption is and what it isn’t
- what the developmental issues are for all parties
- what is normal under the circumstances for adopted children and adolescents
- what you might want to know about adoption to be the best professional, parent, friend or relative to those in the world of adoption.

Come and join us for a couple of hours that might help to make your life, or the lives of your loved ones, better. Bring your family and friends – the more people who understand adoption, the healthier we will all be.

Workshop 10am-1pm

$150.00 per person. Pre-registration is required, as space is limited. Fee is non-refundable.

With questions or to register, please email eakinnect@gmail.com or call 617-547-0909
