

DECEMBER 2014

Nedra Patenaude

Nedra's faith is a guiding principle in her life and it shows in her every action. She is a true follower of Christian principles and she lifts up all those around her through this faith. Her care, whether for her family (four of which swim on the Marlins Swim Team), or for complete strangers is always unwavering. To call Nedra a mom would be the greatest compliment she could receive and she fills this role with grace every day of her life.

The respect she carries with her for all people is a measure of her character - she goes out of her way to help anyone in need. Her past commitment to the Swim Team Parent Advisory Council in the role of Secretary and currently, as a willing volunteer to the team, has proven invaluable. Nedra is always willing to accept challenging responsibilities with the team and community and does so with grace. Nedra has also been an instrumental mentor to the Marlins Swim Team Head Coach as he transitioned into The Swim Team, YMCA. The community would not be what it is without her leadership.
