Lunch

Who Should Attend?

- SRW Installers, foremen and estimators
- Landscapers
- Design/build contractors
- Engineers, landscape architects & code officials
- Site contractors, builders & developers

Course Description:

The Segmental Retaining Wall Installer Certification Program is designed for landscaping professionals involved in SRW installation. The one-day program provides the industry-established minimum installation guidelines for proper SRW construction. Participants that complete the course and pass the multiple choice exam receive a certificate from the NCMA stating that they have met the course requirements and are a Certified SRW Installer™ (CSRWI)
