

Legacy Treatment Services

Legacy Treatment Services represents the merger of The Children's Home of Burlington County and The Drenk Center, with a combined 210 years of expertise in serving individuals with behavioral health and developmental needs. The Children's Home offers a rich history of youth services ranging from special education to acute residential care while The Drenk Center's history spans the spectrum of behavioral health for children, adults, and families.

This merger blends programming across 10 counties - providing seamless services more aptly designed to meet the complex needs of our consumers and creating a continuum of services that are able to meet virtually any child or adult in need of treatment and support.
