

What are Outreach Services?

Outreach Services are an extension of the Screening Crisis Intervention Program (SCIP). Outreach provides crisis evaluations to Burlington County residents at the crisis site. This service is available 24 hours a day, 7 days a week and is conducted by a **New Jersey State Certified Screener**. The Screener will perform an evaluation to determine what level of treatment is needed and will arrange that treatment.

Mobile Outreach workers can:

- Schedule appointments for Outpatient services
- Schedule medication evaluations
- Link consumers with case management
- Conduct follow up visits
- Provide jail clearances for local police departments

Who is appropriate for a Outreach?

Any person who is in Burlington County and is experiencing psychiatric crisis or poses a danger to self, others, or property.

Who can request an Outreach?

Any person who can provide information regarding the person in crisis and his/her signs and symptoms. Referrals may come from a variety of sources, including family, friends, school, neighbors, and police.

Contact Number:

SCIP 609-835-6180 – 24 hours a day

Requesting a Outreach

Outreach services can be requested by contacting SCIP at 609-835-6180. The clinician taking the call will ask for the caller's name, call back number, consumer's name, and address.

The caller will be asked to provide basic contact information and will be quickly called back by an Outreach Worker, who will request more detailed information and will provide an estimated time of arrival.

Who Are We?

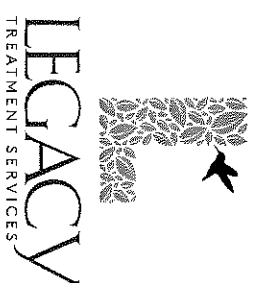

Legacy Treatment Services represents the merger of The Children's Home of Burlington County and The Drenk Center, with a combined 210 years of expertise in serving individuals with behavioral health and developmental needs. The Children's Home offers a rich history of youth services ranging from special education to acute residential care while The Drenk Center's history spans the spectrum of behavioral health for children, adults, and families.

This merger blends programming across 10 counties - providing seamless services more aptly designed to meet the complex needs of our consumers and creating a continuum of services that are able to meet virtually any child or adult in need of treatment and support.

Mission Statement

The Mission of **Legacy Treatment Services** is to change the behavioral health and social service outcomes for people of all ages from surviving to thriving.
