January Classes

Digital Photography: Point, Shoot, Show – January 5, 10:00 to 12:00

Learn how to take a photo, put it on a computer, and print it immediately. And you can walk away with your image!

Are You a Collector? - January 12, 10:00 to 12:00

Did you start with one item and then find yourself attracted to that style? And now, are you on the lookout for more? If so, **you are becoming a collector!** Join us at this session with some of the items you own – and want to know more about - and we will show you how the internet can help you learn more about your collections, evaluate, sell and even find more of what you love.

Help Desk with Bethany Schwarz - January 26, 10:00 to 3:00

Have a laptop? Have a cellphone? Have questions? Bring your tech equipment and your questions. Bethany will be available to assist people with their cell phone issues in the morning and in the afternoon will offer a HELP DESK for ANY of your technology problems.

See reverse side for other sites where CLC is teaching special “On The Road” classes and hosting weekly open computer labs

As part of the San Francisco Department of Aging and Adult Services' SF Connected Program, Community Technology Network, Self-Help for the Elderly and Conard House also have basic computer training and specialty classes. To see a calendar of all free classes or for more information, go to www.sfconnected.org or call (415) 355-3555.

CLC's Free Weekly Computer Classes & Tutoring

We teach people how technology and social media are new tools to help individuals and groups reduce isolation and reweave community. You can find the Community Living Campaign's Community Connectors and Trainers in computer labs and senior centers across the city.
